

VINCENT VAN GOGH (1853-1890)

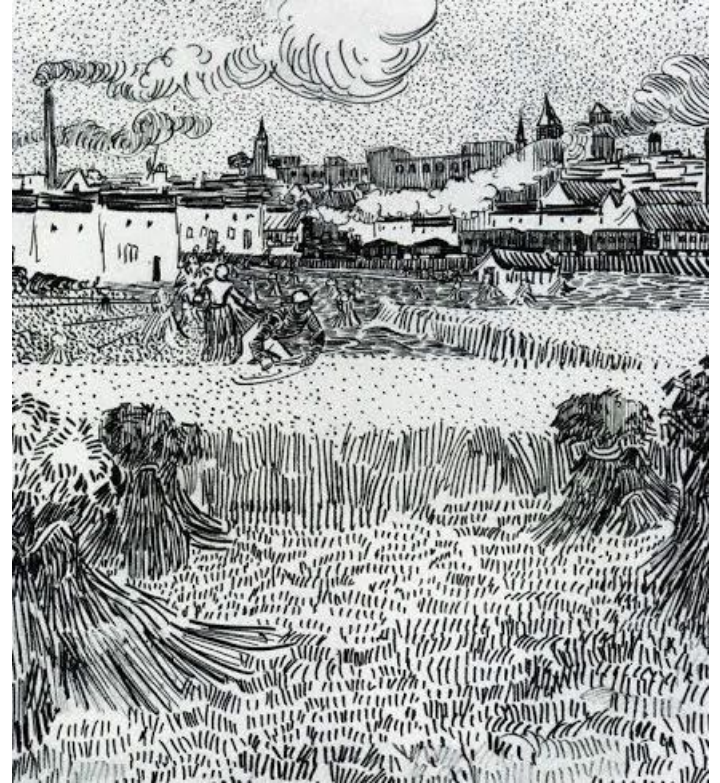

- Van Gogh did not start painting until age 27, previously attempting careers as an art dealer, teacher, and missionary.
- Today he is considered one of the most influential figures in Western art, with works like *Sunflowers* and *The Starry Night*.
- Made over 800 paintings, but only sold a few while he was alive.
- He used vibrant colors and thick brushwork.
- He used swirling lines and bold color to express his inner state and deep connection to nature.

What colours can you see?

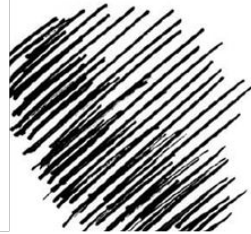

What do you notice about his brushstrokes?

Dashes

Vincent van Gogh used expressive mark making, building up textures with different types of lines to create movement within his work.

We will be exploring his style with a variety of lines and marks using pencils and fine liners.
