

FRIEDENSREICH HUNDERTWASSER

(1928-2000)

- Known for unique and visionary paintings, art and architecture.
- One of the most popular artists in Europe.
- Interested in tree planting, waste free society, green campaigns and protection of water.
- Guided by dreams and imagination - how children dream.
- Rejected straight lines - mainly used wavy lines and spirals with bright colours.

What colours can you see?

What do you notice about his work?

WHAT CAN
YOU SEE?

Raindrops

Lots of spirals

Parallel lines

Lollipop trees

Whimsical buildings

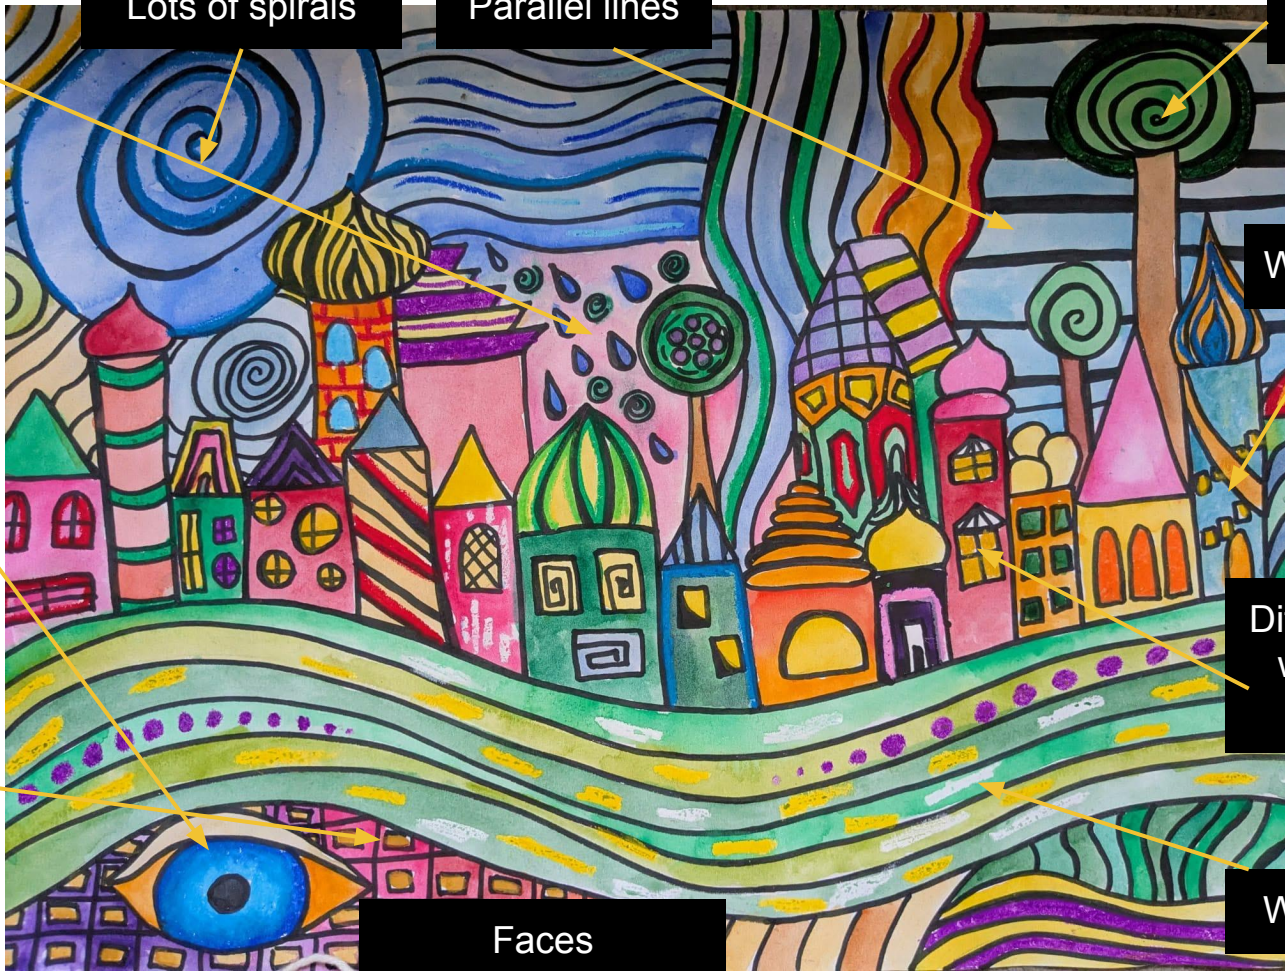

Hidden eyes

Different shaped
windows and
roofs

Grids

Faces

Wavy landscapes
